

Each faculty presenter is required to complete this form. Refusal to disclose commercial interests will disqualify the activity from CPE accreditation. A glossary of terms is included on page 2 to assist you in completing this document.

First, list all the names of proprietary entities producing health care goods or services consumed by or used on patients with which you or our spouse/partner have, or have had, a relevant financial relationship within the past 12 months. (Note: Non-profit or government organizations and non-health care related companies are exempted from this policy.) St. Louis College of Pharmacy at UHSP considers the relevant financial relationships of your spouse/partner that you are aware of to be yours.

Second, describe what you or your spouse/partner received (e.g., salary, honorarium). St. Louis College of Pharmacy at UHSP does NOT require that you disclose a specific dollar amount.

Third, describe your role.

Presenter Name: _____

Presentation Title: _____

Presentation Date: _____

Complete the table below to disclose commercial interests. If you do not have any interests to disclose, you may leave the table blank, and check the box beside the appropriate statement.

COMMERCIAL INTEREST <i>example: "Company X"</i>	WHAT WAS RECEIVED <i>example: Honorarium</i>	FACULTY'S ROLE <i>example: Speaker</i>

I have not had any relevant financial relationships with any commercial interests within the last 12 months.

In signing or typing your name below, you agree that the above information is true and accurate to the best of your knowledge.

GLOSSARY OF TERMS

What was received: Salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g. stocks, stock options or other ownership interest, excluding diversified mutual funds) or other financial benefit.

My Role(s): Employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership and other activities.

Commercial Interest: The ACPE defines a “commercial interest” as any entity producing, making, reselling, or distributing health care goods or services consumed by, or used on, patients. Providers of clinical services directly to patients are not “commercial interests”.

Financial Relationships: Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g. stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected. ACPE considers relationships of the person involved in the CE activity to include financial relationships of a spouse or partner.

Relevant financial relationships: ACPE focuses on financial relationships with commercial interests in the 12-month period preceding the time that the individual is being asked to assume a role controlling content of the CE activity. ACPE has not set a minimal dollar amount for relationships to be significant. Inherent in any amount is the incentive to maintain or increase the value of the relationship. The ACPE defines “relevant financial relationships” as financial relationships in any amount occurring with the past 12 months that create a conflict of interest.

Conflict of interest: Circumstances create a conflict of interest when an individual has an opportunity to affect CE content about products or services of a commercial interest with which s/he has a financial relationship.
